Twenty-Eighth Session

Volume Seventeen

PRESIDENT'S FOREWORD

While visiting a neighbour this summer my friend and I learned a lesson in co-operation. As we talked, we watched a colony of ants dragging a piece of snake-skin up a steep incline. Some were pulling, some were pushing, others, when they could find no place to pull, would scurry around to the back and help to push.

Let us follow the rule of the ant at our stated meetings, Winter Clinic, Dental Public Health activities, annual dance; in fact, every activity this year. Let each one of us join in either the pushing or the pulling. Let none of us go along just for the ride.

ANNUAL DINNER MEETING

ROYAL YORK HOTEL

6.30 P.M.

MON., OCT. 16, 1950

Speaker: MR. D. LEO DOLAN

Subject: "CANADA'S TOURIST INDUSTRY"

Mr. Dolan has been Director of the Canadian Government Travel Bureau at Ottawa since 1934. He was born at Fredericton, N.B., in 1895, and began his career as a reporter on the Fredericton Gleaner. At the age of twenty he was a member of the Press Gallery at the House of Commons at Ottawa with previous service as a member of the Press Galleries of the New Brunswick, Nova Scotia and Saskatchewan legislatures. In 1931 he became Director of the New Brunswick Government Bureau of Information and Tourist Travel.

Mr. Dolan is a director of the Canadian Forestry Association and is an honorary life member of the National Association of Travel Officials (U.S.). He was awarded a scroll in New York at a testimonial dinner tendered by the travel and magazine industry and press of the U.S.A.

ANNUAL WINTER CLINIC

LUNCHEON SPEAKER

DON HENSHAW

Don Henshaw, a senior executive of the MacLaren Advertising Company Ltd., is well known in several fields. As an author he has written hundreds of radio dramas and more recently has been in demand as an author of children's stories for school reader. As a lecturer he has been heard in every Canadian province and most of the states of the U.S. As an advertising man he has served as radio director, account executive, public relations authority and his present post.

Mr. Henshaw was born in the United States, raised in Florida, educated in Indiana, Michigan, Florida, Tennessee and New York. He came to Canada in 1934, married a Toronto girl in 1935. He became a naturalized citizen of Canada in March, 1941. Served a year with the 2nd Battalion of the Royal Regiment; was called to Ottawa as a public relations counsel to the National War Finance Committee in 1942 in which capacity he wrote most of the Victory Loan radio programmes featuring Hollywood and New York stars; made seven trips to Hollywood to make motion pictures; and travelled Canada in Victory Loan activities at the rate of 50,000 miles a year.

He lives in Leaside, just outside Toronto; has one daughter; is a member of Christ Church, Deer Park (Anglican); is leader of one of Canada's largest men's bible classes at St. Clair United Church; is a member of the Variety Club (the showmen's fraternity to aid children). He was formerly active in Masonry, having been master of both blue and Scottish Rite Lodges, Grand Orator of the Grand Lodge of Florida and orator of his Shrine Temple. His hobbies consist of decidedly amateur efforts in photography, gardening, wood-working and painting.

ANNUAL WINTER CLINIC

GROUP CLINICIAN

GROUP CLINICIAN: E. CARL MILLER, D.D.S.

Subject: "MODERN AMALGAM TECHNIQUE"

Dr. Miller graduated from the Western Reserve University School of Dentistry in 1923. He is a member of the American Society of Dentistry for Children, an associate member of the Materials Section of the International Association of Dental Research. He is the author of various articles on amalgam and has lectured extensively in the United States.

In his clinical presentation Dr. Miller will take into consideration cavity preparation, pulpal protection and the dry field of operation. He will demonstrate the management of amalgam, the building of restorations and the procedures for carving and polishing the fillings.

GROUP CLINICIAN: PAUL C. SALISBURY, D.D.S., M.S.D.

Subject: "EXTRACTION AND MINOR ORAL SURGERY PROCEDURES

FOR THE GENERAL PRACTITIONER"

The dentist in general practice should do that part of the extraction and minor oral surgery indicated by his ability, experience and inclination. Careful pre-operative evaluation of each case helps to avoid complications. Suggestions will be given and procedures demonstrated to assist this phase of dentistry and Kodachrome slides will be used to illustrate the talk.

Dr. Salisbury was born in Griswold, Iowa. He graduated at the Northwestern University School of Dentistry in 1929 and received the degree of Master of Science in Dentistry there in 1933. He has been associated with Northwestern University School of Dentistry for the past twenty-one years—with a four year military leave of absence—and is Associate Professor of Oral Surgery. He is a member of Omicron Kappa Upsilon and is a Fellow of the American College of Dentists.

DENTAL PUBLIC HEALTH

The activities of your Academy in regards to Dental Public Health this year have been two-fold in nature.

A study group in Pedodontics under the capable chairmanship of A. J. Vince was organized in the East Toronto Dental Association and has been enthusiastically supported by the members of that group.

A Ways and Means Committee composed of representatives from the Academy, the City of Toronto School Dental Services and the Dental Public Health Committee of the Ontario Dental Association was formed for the purpose of initiating a programme of Dental Health Education in Toronto and surrounding areas.

After many meetings it was decided to start the programme in the West Toronto area. The West Toronto Dental Society under its President, G. W. Long, took over. W. J. Smith was appointed chairman of the Committee in that area and he, together with his committee, arranged a general meeting to which representatives of the municipal administration, School Boards, Home and School Associations, Service Groups, etc. were invited.

The meeting was held in Bloor Collegiate and Dr. Harold Skilling gave a masterly address stressing mainly the proper care of brushing the teeth as well as suggesting that the intake of "sweets" be reduced. The meeting was quite successful and more than thirty individual organizations were represented.

This year we plan to extend the programme in the North and East districts and eventually to Central and Downtown areas. When we have completed this phase of the programme, we plan to hold a Dental Health Day for Toronto and surrounding areas.

A programme of this magnitude must of course be slow in materializing and also must have the support of all the profession.

Can we count on you!

E. A. WHITE.

FIRST STATED MEETING

ROYAL ONTARIO MUSEUM

8.15 P.M.

WED., JAN. 17, 1951

Essayist: STEWART A. MacGREGOR, D.D.S., F.I.C.D.

Subject: "A DISCUSSION OF THE PROBLEMS THAT CONFRONT THE
GENERAL PRACTITIONER IN CARING FOR THE CHILDREN
IN HIS PRACTICE."

Dr. MacGregor, who is in charge of the Department of Pedodontics, Faculty of Dentistry, University of Toronto, graduated at that Faculty in 1931. In 1947 he attended a refresher course at Northwestern University and in 1949 he received his F.I.C.D. He is Chairman of the Dental Committee of the Canadian Red Cross Society, Ontario Division.

Dr. MacGregor has been a member of the O.D.A. and the C.D.A. since his graduation in 1931, a member of the North Toronto Dental Association since its formation in 1934, a member of the American Society of Dentistry for Children for more than ten years and is an honorary member of the Milwaukee Forum.

The following positions have been held by Dr. MacGregor:

President, North Toronto Dental Association, 1937.

President, Academy of Dentistry, Toronto, 1941-42.

Chairman, Dental Public Health Committee of the Ontario Dental Association, 1945-46.

Post Graduate Lecturer in Dentistry for Children for the Federal Government, conducting post-graduate courses in each province, 1947-49.

Director, American Academy of Pedodontics, 1947-49.

STUDY GROUPS

The Academy of Dentistry in 1948 organized and sponsored study groups covering several phases of Dentistry. As a result of great enthusiasm these different groups have grown in membership through 1949-50. We anticipate continued growth and expansion to cover all branches of our profession. Those interested, fill in questionnaires which will be mailed with membership notices, or contact chairmen of study groups listed on this page.

Chairmen of new groups will be appointed to act until the first meeting, after which the members may elect their own Executive. Time and place of organization meetings will be announced later.

Academy-sponsored study groups operate under conditions outlined as follows:—

1. The groups will operate on a yearly basis, terminating April 30th of each Academy year.
2. The personnel in the groups may continue from year to year, and vacancies may be filled by new applicants.
3. All members must be members of the Academy.
4. Any group bringing in a guest speaker must first obtain permission from the Academy Council.
5. Study groups will be of such a size and nature that each member may benefit from participation. (Minimum number is 10.)

The following is a list of Study Groups and Chairmen as at present organized:

Radiography: Dr. J. Moser, 230 College St.

Operative: Dr. R. A. Clappison, Medical Arts Bldg.

Endodontia: Dr. E. Charles Aho, 86 Bloor St. W.

Prosthetics: Dr. A. B. Babcock, 165 Yonge St.

Pedodontia: Dr. Irwin Lightman, 821 Eglinton W.

Exodontia: Dr. A. E. Hobden, Medical Arts Bldg.

J. BEVAN KING.

ACADEMY DINNER DANCE (INFORMAL)

ROYAL YORK HOTEL

6.30 P.M.

WED., JAN. 24, 1951

The growth of our Academy has made it more difficult for the members to get together socially. The local societies are useful, but only in each separate area. It is hoped that the restoration of "Ladies Night" will help to correct this situation.

A preliminary survey of our members showed that a large majority preferred this to be an informal affair. Further information will be forwarded to all Fellows of the Academy.

Do plan to come and bring your friends.

PLAN FOR HOSPITAL CARE

Many of the Fellows and their dependents in the Blue Cross Group of the Academy of Dentistry are now entitled to a maximum of nearly 15 weeks hospitalization a year under their contracts with the Plan for Hospital Care.

The Group was formed nearly six years ago. The minimum hospitalization for the first year was seven weeks per annum, and each succeeding year of membership adds ten days hospitalization to the benefits.

Some have not needed hospitalization, for they and their families have had the good fortune to be free from accident or serious illness. Others have had the heavy costs of hospitalization eased by being under the Plan.

There is a continuous rising in hospitalization costs. The Plan has met the increasing charges out of its income, to the benefit of the subscribers. I have no knowledge of any anticipated increase in subscription rates. I do feel the Plan will be maintained at as low a rate as increasing costs of hospitalization will allow. As dentists, we are very much aware of increasing expenses in our dental practices. The supplies of the hospitals are similarly affected. Wages and maintenance costs have also increased greatly, to the serious concern of all hospital Boards.

We are not permitted to enrol new subscribers from the Academy of Dentistry as a group. Those who may wish to obtain the benefits of group hospitalization may make application for membership to the Plan for Hospital Care, 135 St. Clair Avenue West, Toronto. There will be a waiting period for some types of surgery and existing illness, but the rates will be about the same as the Academy Group members are paying.

At present there are about 290 dentists in the Academy Group, and these have paid \$8772.35 into the Blue Cross Hospital Care treasury for their group hospitalization.

It has been a pleasure to serve the Academy of Dentistry in this activity. My relations with the Council of the Academy have been most cordial and sincere, for which I am deeply grateful.

CHARLES McLEAN, Chairman,
Plan for Hospital Care.

SECOND STATED MEETING

ROYAL ONTARIO MUSEUM

8.15 P.M.

WED., FEB. 14, 1951

Essayist: EMMETT BECKLEY, D.D.S., F.I.C.D.

Subject: "A MODERN IMMEDIATE-DENTURE SERVICE"

A motion picture will illustrate the procedure and show how photographic records are used to establish predental facial discrepancies. The technique obtains non-distorted removal of alginate and hydrocolloid impressions with hydraulic pressure. Cases are treated individually with adjustments and relines handled on a month-to-month fee basis. Surgery and insertion of the treatment splints complete the procedure.

Dr. Beckley is a native of Missouri and a graduate of the Kansas City Western Dental College, class of 1934. He is a member of the American Full Denture Society and the Pierre Fauchard Academy. His practice is limited to full denture service and he is the author of a number of articles on prosthetic subjects.

LIMITED ATTENDANCE CLINIC

Dr. Beckley will present an afternoon clinic, full particulars of which will be given to all Academy Members in a later bulletin.

N.B. An application and registration fee of Ten Dollars payable to the Academy should be forwarded to the Secretary, Dr. M. G. Boyes, 3032A Yonge St. by those wishing to attend.

THIRD STATED MEETING

ROYAL ONTARIO MUSEUM

8.15 P.M.

WED., MAR. 7, 1951

Essayist: DOROTHEA F. RADUSCH, D.D.S., B.A., M.S.

Subject: "DIETARY CONTROL IN PERIODONTICS".

The diet and nutrition of the individual is reflected in the oral tissues. If the gingivae, alveolar bone, tongue and mucous membrane are to be maintained properly, they must be well nourished. Therefore, adequate nutrition is fundamentally a supply problem. The dentist has a responsibility in assessing the dietary habits of the patient. This can be done by checking a seven-day record against an established pattern. A practical technique will be demonstrated.

Dr. Radusch graduated in dentistry at the University of Minnesota in 1924 and obtained her M.S. (Major in Nutrition) there in 1938. She is Associate Professor (part-time) in the University of Minnesota School of Dentistry and maintains a private practice in Minneapolis.

Professional Memberships, Minneapolis District Dental Society, Minnesota State Dental Association, American Dental Association, International Association for Dental Research, American Association for the Advancement of Science, American Association of Dental Editors, American Academy of Periodontology.

Honours: Sigma Ki (Science), Omicron Kappa Upsilon (Dentistry), Omicron Nu (Nutrition), Iota Sigma Pi (Chemistry), Sigma Delta Upsilon (Science).

TORONTO ORTHODONTIC STUDY CLUB

OFFICERS FOR 1950-51

President H. Colton Bliss
 Secretary-Treasurer J. T. Crouch

The programme of the club for the ensuing year will include the following subjects:

A review of the Hays-Nance basis for diagnosis.
 Anatomy and Physiology of the temporomandibular articulation.
 Myo-therapeutic action of the facial and masticatory muscles.
 A course of instruction at the Faculty of Dentistry with Dr. F. C. Rogers
 as guest lecturer.
 Cleft palate therapy.

The members of the club are grateful to the Board of Governors of the Canadian Dental Association for the establishment of the George Wellington Grieve Memorial Lecture in honor of our former member and beloved confrere.

As a token of appreciation, the members of the club have pledged financial support to this fund, and we feel sure that many members of the Academy will also wish to contribute to this memorial to an outstanding Canadian Dentist.

THE PRESIDENT'S MESSAGE TO THE ACADEMY

Best wishes and greetings from the Ontario Dental Association to the Academy of Dentistry of Toronto.

Our chosen profession is forever forging ahead and must continue to do so. The assistance which has been given by the members of the Academy of Dentistry has played a vital role in that progress. Many of the leaders in our Canadian Dental Association have done their spade work on your executive.

I am ever mindful of the support that the Ontario Dental Association has been so fortunate to receive from your Academy. May this co-operation continue to exist.

Our 1951 Convention programme is well under way. Many very fine essayists and clinicians have already accepted invitations to take part. Keep the dates May 14, 15 and 16 in mind. You will be well repaid for your attendance.

On behalf of the Board of Governors of the Ontario Dental Association may you have a successful year.

D. L. McKerracher.

To all Graduate Dental Nurses, the Alumnae Executive extends a most cordial invitation to become active members of the Dental Nurses' Alumnae Association. At this time we would like to take this opportunity of especially welcoming the class of 5T0 as members of our Association.

A programme has been planned which will be of interest and benefit to all Graduates.

May I remind you that our meetings are held the First Wednesday of each month, at 8 o'clock in the Dental Building, University of Toronto, 230 College Street.

On behalf of all members I would like to express our sincere appreciation to the Academy of Dentistry for the privilege of presenting this message.

Adrienne M. Rands, President.

**TORONTO AFFILIATED ASSOCIATION
ONTARIO DENTAL NURSES' AND ASSISTANTS'
ASSOCIATION**

The Executive and Members of the Toronto Affiliated Association extend a cordial invitation to all dental nurses and assistants in Toronto to join with us in this year's programme which has been prepared with the objective of being instructive as well as entertaining.

The programme has been arranged with the intention of helping us to meet a few of the problems that arise in our days work, but we will endeavour to mix enough sociability to enable our members to become acquainted.

We sincerely hope that all present and prospective members will join to support our effort to make 1950-51 a most interesting season. The dates are listed below and a friendly welcome awaits you.

On behalf of the members, I should like to thank the Academy of Dentistry for the interest shown in all our activities and to extend our good wishes for a successful season.

LURA EDWARDS, President

REPORT OF THE SECRETARY 1949-50

The following is a report of the activities of the Academy for the year 1949-50. Dr. E. A. White, our president, guided the Academy through a very successful year. The paid membership was 482 Fellows, seven Honorary Life Members and twelve Honorary Members.

The Annual Dinner was held at the Royal York Hotel. Mr. Gratton O'Leary, Associate Editor and Vice-President of the Ottawa Journal, gave a masterful address on the subject, "Six Prime Ministers".

Four Stated Meetings were again held at the Royal Ontario Museum. One of the most successful meetings was the Third General Meeting, the speaker being Dr. Louis B. Shultz. His Limited Attendance Clinic in the afternoon was well-attended.

The Winter Clinic under the capable chairmanship of Dr. Earl Bancroft was an outstanding success. The attendance compared favourably with previous Winter Clinics. Don Graham, M.A., addressed the luncheon meeting on the subject, "New Frontiers in Education".

A Dental Public Health programme, under the direction of Dr. E. A. White, has been started for the City of Toronto. At present the West Toronto Dental Society has organized a Dental Public Health programme. It is anticipated that the North Toronto Dental Association, Toronto East Dental Association, Central Dental Association and the Association of Downtown Dentists will follow this project in the near future.

The Academy is continuing to sponsor the Blue Cross Plan for Hospital Care under the direction of Dr. Charles McLean.

The Academy of Dentistry annual prize presented to the University of Toronto was won by A. V. Scrutton.

Respectfully submitted,

GORDON L. FRAWLEY,

Secretary.

TREASURER'S REPORT

4th May, 1950.

The Academy of Dentistry,
Toronto,
Ontario.

Gentlemen:

We have prepared the attached Balance Sheet of the Academy of Dentistry as at 30th April, 1950, together with a Revenue and Expenditure Account. Subject to the following report, we hereby certify that, in our opinion, the attached Balance Sheet is properly drawn up so as to exhibit a true and correct view of the state of the Academy's affairs at that date, according to the explanations and information given us and is as shown by the books.

We report upon the various Balance Sheet items in their order as follows:

ASSETS

Cash in Bank—\$1,683.18

Your bankers have confirmed the bank balance to us by certificate.

Dominion of Canada Bonds—\$5,564.72

Details are shown on the face of the Balance Sheet. We have verified the interest revenue due from these bonds. We have examined the bonds comprising the above total.

LIABILITIES

Accounts Payable—Nil

Your Treasurer, Dr. M. G. Boyes, has certified that all known liabilities to 30th April, 1950, have been paid and that there were, at that date, no guarantees or contingent liabilities outstanding.

Profit and Loss

Details are shown on Schedule "A".

A comparison of the total revenues for the current year with the preceding one is as follows:

	For the year ended	
	30th April, 1950	30th April, 1949
Total Revenue	\$5,010.94	\$5,518.08
Less: Total Expenses	5,388.96	5,494.48
Surplus or Deficit for the Year	\$ 378.02 (def.)	\$ 23.60

As we were unable to make a complete verification of all the sources of revenue, we are, accordingly, able to certify to the correctness of the Revenue Account only to the extent that it is in agreement with the books and information given to us.

Yours faithfully,
HILL, TESKEY & CO.,
Chartered Accountants.
